

AVK SUPPORT TILE, TYPE 1

80/46

For gate and service connection valves, with spindle fixation

01

When installing surface boxes in soft soil AVK recommends usage of support tiles to increase the support. AVK support tiles are made of 100% recyclable HDPE.

Product Description:

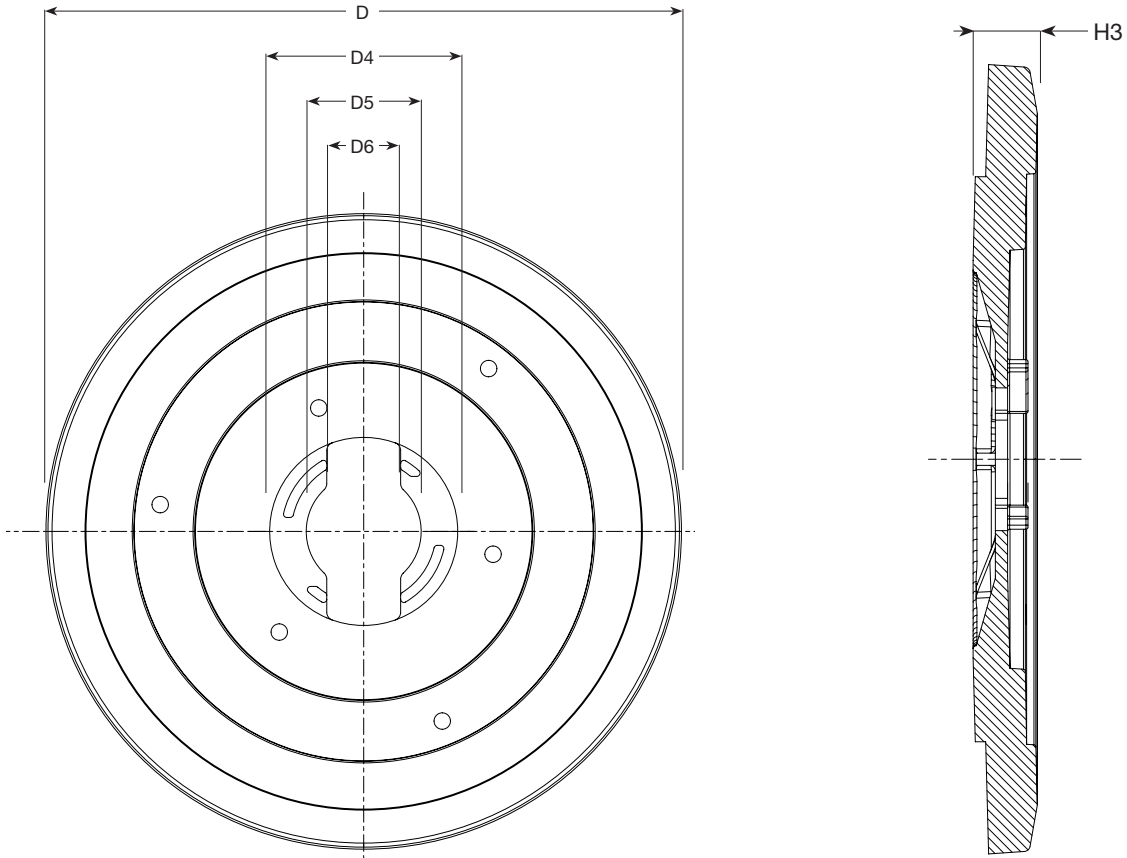

Support tile for surface boxes for gate valves and service connection valves with spindle fixation to max. 250° C

Features:

- Fits to surface boxes for gate valves series 80/31 and 80/34
- Fits to surface boxes for service connection valves series 80/32 and 80/33
- With universal spindle fixation
- Supports the extension spindle/surface box assembly in weak soils
- Prevents telescopic extension spindles from being pushed down
- Centralizes the position of the extension spindle, making it easier to operate with a T-key
- Connection plugs available as optional extra

Component List:

1. Support tile	HDPE
